Swing Arm	On Enquiry	1

Specifications

General

The cable pit shall be ACO PlinthP5 PITLOK® SCEC (SL1) - concrete plinth & steel lid for use with ACO P5 plastic pit as supplied by ACO Pty Ltd. or equal approved.

The plinth and lid are fully tested and assessed by Security Services who conduct tests on behalf of SCEC. SCEC have subsequently endorsed the lids and plinths for the 'Protection of Classified Material'. This is contingent on the use of SCEC (SL3) padlocks to secure the lids. Additionally plinths need to be fastened to pits.

Materials

The plinth shall be manufactured from steel reinforced cement concrete with:

Compressive strength: 40MPa

The nominal clear opening shall be 575mm x 330mm.

Lid

The lid shall be a SCEC (SL1) approved tamper evident locking steel lid.

Pit

This plinth and lid are designed for use with the P5 plastic pit - see separate Spec Info for pit details

Installation

The cable pit shall be installed in accordance with the manufacturer's installation instructions and recommendations.
